## WORK EXPERIENCE

### Frontend Developer at Program

Oct 2023 - Present (10 months)

- I specialize in frontend development, including animations, at Program Studio where I develop websites for businesses, particularly focusing on luxury hotels like Cap Rocat. My work involves handling the complete frontend creation using technologies such as React, JavaScript, Sass, Vue, GSAP, Wordpress, PHP, and MySQL (using phpMyAdmin).
- In this role, I've learned to write clean code and use BEMIT (BEM CSS + ITCSS) methodology.
- I contributed to projects such as FeelFree, ECIB, Tigrelab, Pienso Luego Actúo, SMLXL, The Home Inspector, and Becas Jumpers. I frequently collaborate with renowned design studios like Mandarin, Fuego Camina Conmigo, SMLXL, and Forma to bring their designs to life.

### Frontend Developer at BirdCom

Jun 2023 - Oct 2023 (5 months)

- My focus was frontend development using HTML, CSS, Wordpress and JavaScript, although in some projects it was necessary to use a bit of backend (PHP and Laravel).
- Good skill with API integrations and database management.
- Contributed significantly to two major projects, Popit and Embou, during my tenure.

### Frontend Developer Freelancer

Oct 2022 - June 2023 (8 months)

- I worked as a freelance frontend developer, creating websites and projects for small businesses that hired me through platforms like Fiverr and Upwork. In these projects, I primarily used JavaScript, React, and Next.js for development.
- Among my most relevant projects, I would like to mention the Goya restaurant project,

### Quality Analyst Specialist at Webhelp - Google Android Project

Aug 2016 - Oct 2022 (6 years, 3 months)

- Analyze performance from quality data and communicate trends to Quality Supervisor.
- Share performance data drawn from quality monitoring and review with team to identify potential training needs.
- Participate, as needed, in calibration sessions, employee communication sessions, and/or creation of communication tools.
- Provide clearly written feedback to management for group and individual coaching regarding compliance audits and performance coaching.
